Meet Will!

Will loves to interact with others and enjoys talking to those he meets.

In Will's free time he primarily enjoys playing video games online. He also likes to play basketball and enjoys watching movies. His favorite movie series is Star Wars. For special meals he loves eating steak, and his favorite restaurant is Outback Steakhouse.

Will enjoys using the technology at school and loves attending the typing club. He especially likes learning ways to improve his typing skills and loves to play speed typing games on the club's computers. He is very outgoing and likes the social aspects of school while maintaining his independence. Will looks forward to his future and is excited to see what it may hold.

Will would thrive in a loving home who are supportive of his needs. He would do great in a two-parent household that can work together to remain structure and love. In Will's ideal forever family, they will need to be a gracious, predictable, and steadfast home. Will needs to know that others care about him and have his best interest at heart. Will would thrive in a home that devotes one-on-one attention to him. It is best he is in a home with no pets. Will is open to having siblings it would be best that he is the youngest child.

Will was born in 2008.
